Dear Sir:

I am trying to get some information concerning a group of black Americans who are now living in Israel. I think the location is near the City of Jerusalem. This group calls themselves "The Black Hebrew-Israelites". My wife's niece is a member of that group.

You can't call them by long distance telephone, but they can call out, inasmuch as they have no money the charges are minimal. They have no money to spend & everything goes to the state & the state is supposed to take care of their needs.

I am not trying to change her life style in any way. I am just trying to get some information on the group.

Has the state any information on this group? Do they have a name or address? Have they given up their American citizenship? Any information you can give me would be appreciated.

Thank you
